- Questions can be submitted using the Q&A Box at the bottom right of your screen
- On Demand versions of the webinars in the series will be available on GetReady5010.org next week for your reference and for those who were not able to join us live today.

Today's Speakers

Jackie Griffin

Manager, Gateway EDI

Alisa Taylor

Medical Billing Specialist, Alamogordo Urology

Who is Gateway EDI?

- Revenue Cycle Management Company - St. Louis, MO
- Provide Electronic Data Services to Healthcare Practices,
including:
 - Claims, Remits & Eligibility Transactions
 - Patient Statements, Online Statement & Payment Portal &
Reimbursement Management Tools

Alamogordo Urology

- Single Provider Practice
- Located in Alamogordo, New Mexico
- In practice for 11 years
- Gateway EDI client since 2009

Gateway EDI 5010 Testing Strategy

- Initial - Assessment Phase
- Oct 2010 - Structural compliance testing
- April 2011 - Combined structural and content testing
- May 2011 - Payer testing
- July 2011 - Production releases
 - Test **EARLY**

Provider Preparation

- Providers Relying on Clearinghouse to Achieve 5010
 - Some providers will continue to use 4010, NSF or other proprietary format
 - Clearinghouse will FORMAT claims for 5010 compliance
 - Provider will update DATA for 5010 compliance
- Providers Upgrading their Systems to Submit 5010
 - Provider will FORMAT claims for 5010 compliance
 - Provider will update DATA for 5010 compliance

Testing Phase - Vendors

- Automated Testing System available for ANSI 5010 test files
- Dedicated Team for 5010 Testing Non ANSI files
- Vendor approved - Individual providers may still need to test
- File format can be made compliant - Data can't be converted

Testing Phase - Clients

- Automated Testing System available for ANSI 5010 test files
- Assembled Dedicated Team for 5010 Testing
- Client specific edits require testing
- Understand Data and Reporting Requirement changes

Testing Phase - Payers

- 5010 Readiness Surveys sent to all Payers/Trading Partners
- Waiting on readiness information from 42%
- Created Payer Testing Schedule
 - Testing on behalf of our Clients
- Testing Progress displayed on Payer List
- Sending 5010 files to payers prior to compliance date

Alamogordo Urology

- Practice Management Vendor - Medisoft
- Currently submitting ANSI 4010A1
- Receives annual software upgrades
- 5010 upgrade similar to annual upgrades

Upgrading to 5010

- Gained knowledge of 5010 by networking, reading industry news, and updates related to 5010
- Contacted Practice Management Vendor in early Dec 2010
- Received two upgrades from vendor to prepare for 5010

Changes for 5010

- Data changes were minimal
 - Currently submitting a physical address for billing provider
 - Currently submitting nine digit zip codes
 - Currently submits same NPI to all payers
- Several other changes will be needed due to their specialty of claims

Testing for 5010

- Contacted Gateway EDI in Feb 2011 to submit 5010 test file
- Worked with Gateway EDI representative to upload test file
- Vendor was able to move format to 5010 to generate test file and then moved back to 4010 for production files

Testing for 5010

- File was tested for structural compliance
- One issue reported - Missing CTP segment
 - 2410 CTP segment is now required if the LIN segment is present
- Conference call with Vendor and Gateway EDI to identify what changes needed to be made.
- Working on updating software and will retest in April 2011

Moving to Production 5010

- Testing requests will increase from clients and payers
- Make DATA changes NOW
- Test as early as possible
- Testing more than once may be necessary
- Implement early to avoid the 5010 "Traffic Jam"
