

HIE Events and Education								
Code	Title	Description	Speaker(s)	Date	Time	Location	Room	Level
<a href="#">Lecture 014</a>	<b>HIE National Landscape, Monitoring States Momentum</b>	The nation's healthcare system is undergoing a transformation in an effort to improve quality, safety and efficiency of care. To help facilitate this vision, Health Information Exchanges have become a key service to the consumer. During this session speakers will report on the successful models implemented within their states.	<b>Lynn O'Mara, MBA</b> State HIT Coordinator, Nevada Department of Health and Human Services, Director's Office - Office of HIT  <b>Zachery Jiwa</b> Chief Technology Officer, Louisiana Department of Health and Hospitals  <b>William J O'Byrne</b> Executive Director, New Jersey Health Information Technology Extension Center (NJ-HITEC), Enterprise Development Center	Tuesday 2/21	9:45 AM - 10:45 AM	Venetian Sands	San Polo 3503	
<a href="#">Lecture 018</a>	<b>State HIEs, RHIOs and ACOs: Factors Shaping the Marketplace</b>	Health Information Exchange is evolving as a network of networks, consisting of several different models. This session examines factors shaping this evolution including participation agreements.	<b>Gary W. Ozanich, PhD</b> Senior Research Fellow, Northern Kentucky University  <b>Karen Chrisman, JD</b> Staff Attorney, Kentucky Governor's Office, Electronic Health Info	Tuesday 2/21	9:45 AM - 10:45 AM	Venetian Sands	Lando 4306	Advanced
<a href="#">Lecture 037</a>	<b>Florida State Health Information Exchange - Lessons Learned</b>	Discussion on the experience gained during the procurement, implementation, and deployment of the Health Information Exchange solution for the State of Florida, including policy, consent, technical implementation and sustainability considerations.	<b>Heidi Fox, MS</b> Administrator, Office of Health Policy and Research, Florida Agency for Health Care Administration  <b>Janet J. Jofmeister, PMP</b> Senior Program Manager, Harris Corporation	Tuesday 2/21	11:00 AM - 12:00 PM	Venetian Sands	Lando 4306	Introductory
<a href="#">Lecture 039</a>	<b>Emergency Medicine EHR Helps Drive Enterprise Meaningful Use Readiness</b>	Though their Meaningful Use attesting schedules differ, two large hospital networks leverage the emergency EHR to integrate with inpatient systems as an easier strategy to drive compliance and data integration.	<b>Roger L. Neal, MS, FHIMSS</b> VP Information Technology / CIO, Duncan Regional Hospital  <b>Barbara Dimercurio, RN, MBA</b> Director of Trauma and Emergency Services, University of Louisiana Hospital	Tuesday 2/21	11:00 AM - 12:00 PM	Venetian Sands	Marcello 4506	Intermediate
<a href="#">Lecture 045</a>	<b>Connecting EHRs to HIEs</b>	The results of a multi-state, multi-vendor collaborative formed to define plug and play interoperability between EHRs and HIEs. The developed specifications significantly reduce the barriers to HIE connectivity and adoption.	<b>Anuj Desai, MBA</b> Director of Business Development, NYeC Regional Extension Center  <b>David A. Minch</b> HIPAA/HIE Project Manager, John Muir Health	Tuesday 2/21	12:15 PM - 1:15 PM	Venetian Sands	Titian 2203	Advanced

HIE Events and Education								
Code	Title	Description	Speaker(s)	Date	Time	Location	Room	Level
<a href="#">Lecture 049</a>	<b>Hospital-Physician Alignment Without Acquisition: The Role of HIT Integration</b>	As emerging payment models demand greater hospital-physician alignment, health systems have responded by acquiring physician practices. Adventist HealthCare proposes an HIT-centric, physician-alignment strategy emphasizing EHR adoption and HIE.	<b>Gaurov Dayal, MD</b> Chief Medical Officer, Adventist Health Care	Tuesday 2/21	12:15 PM - 1:15 PM	Venetian Sands	Lido 3106	Intermediate
<a href="#">Lecture 056</a>	<b>Building a Sustainable Health Information Exchange Environment in NYS</b>	By creating a HIE landscape that balances a free-market model with appropriate regulatory oversight, NYS transforms its HIE environment to provide technical services to support collaborative care coordination.	<b>Gil Kuperman, MD, PhD</b> Board Chair & Executive Director, New York Clinical Information Exchange  <b>Grace Moon, MHA</b> Director of Operations, NYeC Regional Extension Center	Tuesday 2/21	12:15 PM - 1:15 PM	Venetian Sands	Lando 4306	Advanced
<a href="#">Lecture 075</a>	<b>Advanced HIE Technology Improves Quality Management and Accountable Care</b>	Learn the trends, clinical results and lessons from a physician organization using HIE to improve care coordination and quality management through clinical decision support, advanced quality measures and EMR interoperability.	<b>Thomas Deas, Jr., MD</b> Board Member, North Texas Specialty Physicians	Wednesday 2/22	8:30 AM - 9:30 AM	Venetian Sands	Lando 4306	Intermediate
<a href="#">Lecture 088</a>	<b>Reforming the Healthcare Delivery System</b>	Geisinger Health System serves a population that is poorer, older and sicker than the national average. This session will explore Geisinger's innovative programs transforming the healthcare delivery system.	<b>John Kravitz, MHA</b> Assistant Vice President, External Customer Relations, Geisinger Health System	Wednesday 2/22	9:45 AM - 10:45 AM	Venetian Sands	Murano 3303	Introductory
<a href="#">Lecture 094</a>	<b>Mission Possible: Building a Grassroots, Community-based HIE</b>	Huntington Hospital has successfully developed a grassroots, community-wide HIE, achieving 100% participation through a strategy of interactive education, multi-touch engagement and the smart selection of physician-friendly technology.	<b>Rebecca S. Armato</b> Executive Director, Physician and Interoperability, Huntington Memorial Hospital  <b>Joel Diamond, MD, FAAFP</b> Chief Medical Officer, dbMotion	Wednesday 2/22	9:45 AM - 10:45 AM	Venetian Sands	Lando 4306	Intermediate

HIE Events and Education									
Code	Title	Description	Speaker(s)	Date	Time	Location	Room	Level	
<a href="#">Lecture 105</a>	<b>How to Implement an EHR and HIE that Actually Improves Quality, Safety, Efficiency, and Service</b>	Join this session to learn how one Ambulatory Clinic preloaded 15 years of clinical data into its EHR, interfaced it to 5 hospitals, a reference lab, a home health agency, pharmacies and payors, and turned on clinical decision support. The result is nation-leading HEDIS quality measures, Medicare total cost of care, as well as documented improvements in safety, efficiency, and satisfaction. Learn how this HIMSS 2011 Davis Ambulatory Award winner went above and beyond Meaningful Use to realize what the future of healthcare will be like for the rest of our nation.	<b>Larry Garber, MD</b> Medical Director for Informatics, Fallon Clinic	Wednesday 2/22	1:00 PM - 1:29 PM	Venetian Sands	Lido 3103		
<a href="#">Lecture 113</a>	<b>HIEs: Data Sharing Leads to Better Patient Care and ROI</b>	In a complex, unfamiliar frontier where healthcare competitors must become partners, many providers face the enormous pressure of working with developing HIE solutions in order to meet meaningful use requirements.	<b>Jason Hess, FHIMSS</b> Research Executive Vice President, KLAS	Wednesday 2/22	1:00 PM - 2:00 PM	Venetian Sands	Lando 4306	Intermediate	
<a href="#">Lecture 128</a>	<b>ONC Townhall: Advancing Health IT into the Future</b>	Join the Leadership Team from ONC in an interactive session to learn more about current programs and efforts as well as future plans to advance the national health IT agenda. ONC will engage the audience in an open dialog and solicit input regarding critical next steps in our efforts to bring health information technology to the forefront of medicine.	<b>Farzad Mostashari, MD, ScM</b> National Coordinator for Health Information Technology, Office of the National Coordinator	Wednesday 2/22	2:15 PM - 3:45 PM	Venetian Sands	San Polo 3503	Intermediate	
<a href="#">Lecture 132</a>	<b>A Pragmatic Approach for Improving Outcomes through Meaningful HIE</b>	This session demonstrates how a RHIO provides measurable value by assembling a comprehensive medication list delivered at the point of care. The data reveals quality, safety and efficiency improvements.	<b>Scott Momrow, MPH</b> Vice President, Healthcare Information Exchange of NY	Wednesday 2/22	2:15 PM - 3:15 PM	Venetian Sands	Lando 4306	Intermediate	
<a href="#">Lecture 134</a>	<b>Lab Clearinghouse: Collaboration to Support Meaningful Use and Data Interoperability</b>	To overcome deficiencies related to interoperability of data and facilitate MU, SC's <b>HIE/REC</b> collaborated with a neutral vendor to simplify lab data connectivity while providing a sustainability option to the <b>HIE</b> .	<b>Gai Elhanan, MD</b> Chief Medical Information Officer, Halfpenny Technologies Inc.  <b>Jesse Thornburg, PhD</b> Senior Program Manager, Health Sciences South Carolina	Wednesday 2/22	2:15 PM - 3:15 PM	Venetian Sands	Marcello 4506	Intermediate	
<a href="#">Lecture 152</a>	<b>Building Sustainability into Health Information Exchange</b>	"Sustainability" is not a word typically associated with health information exchange (HIE). Middle Tennessee eHealth Connect reveals its strategies for building an HIE sustainable through expansion and continuum-wide provider inclusion.	<b>Janet King</b> Executive Director / eHealth Director, Middle Tennessee eHealth Connect/THA	Thursday 2/23	9:45 AM - 10:45 AM	Venetian Sands	Lando 4306	Intermediate	

HIE Events and Education									
Code	Title	Description	Speaker(s)	Date	Time	Location	Room	Level	
<a href="#">Lecture 197</a>	<b>Improving Long-Term Care Transitions with HIE</b>	Nearly 20% of Medicare patients discharged from US hospitals are readmitted within 30 days. This roundtable will discuss the role of IT and HIE to improve long term care transitions.	<b>Janice Whittleton</b> Director, Development and Outreach, CORHIO	Friday 2/24	10:00 AM - 11:00 AM	Venetian Sands	Marco Polo 705	Intermediate	
<a href="#">Lecture 210</a>	<b>Improving Care and Cost Efficiencies: The Quality Health Network Experience</b>	From the perspectives of business and academia, this presentation provides information on how to create a sustainable HIE, leverage it to improve care quality, and what level of efficiency to expect.	<b>Richard Thompson</b> Chief Executive Officer, Quality Health Network  <b>Stephen Ross, MD</b> Associate Professor, University of Colorado Denver	Friday 2/24	10:00 AM - 11:00 AM	Venetian Sands	Lando 4306	Introductory	
<a href="#">Lecture 219</a>	<b>Enforcing HITECH Across Regional, State and National HIEs</b>	This presentation will explore how HIPAA security and privacy protections can be enforced across regional, state, federal (and soon, international) Health Information Exchanges. Lessons learned will be shared.	<b>Eric Heflin</b> Chief Technical Officer, Texas Health Services Authority	Friday 2/24	11:15 AM - 12:15 PM	Venetian Sands	Titian 2304	Introductory	

HIE Symposium: The Year of Collaboration, Implementation and Beyond									
<b>Monday, February 20, 2012</b>			<b>8:30am - 4:30pm</b>			<i>Registration is separate from main Annual Conference registration.</i>			
<b>Lando Room 4204</b>									
Topics covered during this day-long symposium include:									
<b>Opening Keynote</b> <b>HIE: The Next Generation and Beyond</b>		The HIE landscape is changing and will continue to change as we address many of the national initiatives and explore ways regional and state level HIEs can be leveraged as an enabler to achieve these initiatives. Now is the time to move beyond planning to implementation of regional and state level health information exchange organizations. Learn about the Federal perspective on the future of these organizations supporting information exchange activities and how they are anticipated to be a key enabler for nationwide success.	<b>Doug Fridsma, MD, PhD</b> Director, Office of Standards and Interoperability, Office of the National Coordinator  <b>Jim Geringer</b> Former Governor Wyoming & HIMSS State Advisory Roundtable Chair	Monday 2/20	8:45 AM - 9:30 AM	Venetian Sands	Lando 4204	Intermediate	
<b>Inter-Agency Collaboration: A Federal Update</b>		Learn how the Federal Government is supporting cross agency coordination of NwHIN, HITECH and health reform HIT programs focused on HIE activities and how HIE organizations can leverage these activities at the state and local level.	<b>Claudia Williams</b> Director, State Health Information Exchange Program at HHS  <b>Mrs. Laura A Conn, MPH</b> Health Scientist, Centers for Disease Control and Prevention	Monday 2/20	9:30 AM - 10:30 AM	Venetian Sands	Lando 4204	Intermediate	

HIE Symposium: The Year of Collaboration, Implementation and Beyond							
<b>State Collaborations: Current Trends and Future Directions</b>	Learn how states are leveraging industry initiatives in innovative ways that facilitate HIE activities across states while addressing key industry challenges.	<b>David A. Minch</b> HIPAA/HIE Project Manager, John Muir Health  <b>Carol Robinson</b> State Coordinator Health IT, State of Oregon/Oregon Health Authority	Monday 2/20	10:45 AM - 11:45 AM	Venetian Sands	Lando 4204	Intermediate
<b>SLHIE: Moving from Planning to Implementation</b>	SLHIEs and HIE have been moving from planning to implementation. This session provides an overview of today's landscape and status of SLHIEs and their anticipated future directions.	<b>Jessica Kahn, MPH</b> Technical Director, Centers for Medicare & Medicaid Services  <b>Claudia Williams</b> Director, State Health Information Exchange Program at HHS	Monday 2/20	12:45 PM - 1:45 PM	Venetian Sands	Lando 4204	Intermediate
<b>HIE Growth &amp; Utilization: New Views on Sustainability</b>	Adoption, growth and utilization are necessary components of HIE financial sustainability. This session will explore how states are identifying unique and interesting ways addressing the long term viability by focusing on growth and utilization of their HIE services.	<b>Jan Lee, MD</b> Executive Director, Delaware Health Information Network  <b>Dan Paoletti</b> CEO, Ohio Health Information Partnership  <b>Steve Palmer</b> Director, Office of e-Health Coordination, Texas Health and Human Services Commission	Monday 2/20	1:45 PM - 2:45 PM	Venetian Sands	Lando 4204	Intermediate
<b>Closing Keynote Shaping the Future of HIE: A Look Ahead</b>	This session explores how the HIE landscape can be leveraged in innovative ways to support future of data exchange activities as well as support key industry initiatives.	<b>Laura Adams</b> President & CEO, Rhode Island Quality Institute/RI REC  <b>Aaron Seib</b> Director of Policy and Program, CALe Connect  <b>Zachery Jiwa</b> Chief Technology Officer, Louisiana Department of Health and Hospitals	Monday 2/20	3:00 PM - 4:15 PM	Venetian Sands	Lando 4204	Intermediate

Additional Sessions of Interest								
Code	Title	Description	Speaker(s)	Date	Time	Location	Room	Level
<a href="#">E-Session 404</a>	<b>Your EHR Implementation as a Crystal Ball to 2020</b>	To see their way through this decade's planning of electronic health record changes (EHR) and competing customizations, organizations should undertake EHR implementation change analysis using the factors discussed here.	<b>Rand A. Miyashiro, MA</b> Project Manager, County of San Mateo  <b>Lorrie Sheets, MA</b> IT Project Manager, San Mateo County Health Services					Intermediate
<a href="#">E-Session 405</a>	<b>Selecting an EMR for Your Practice: Evaluating Usability</b>	Learn how to include usability as an evaluation criteria BEFORE you buy your EMR, and how this leads to both improved user adoption and meaningful use achievement.	<b>Rebecca Grayson</b> Consultant, User Reflections					Introductory
<a href="#">E-Session 409</a>	<b>Patient Preferences Concerning Access to Personal Medical Information Online</b>	This lecture will review current information concerning patient's preferences concerning access to personal medical information online and will also present some new information from a recent Mayo Clinic patient survey.	<b>Mark Parkulo, MD</b> Vice Chair, Health Information Coordinating Subcommittee, Mayo Clinic, Florida					Introductory
<a href="#">E-Session 410</a>	<b>How Medical Students Learn About EHRs: Educating for "Meaningful Use"</b>	More EHR, HIT and informatics teaching must be integrated with medical education. One of the nation's newest medical schools was recently highlighted for its longitudinal, integrated approach to this curriculum.	<b>Linda L. Hogan, PhD</b> Professor / Ass't Dean of Medicine and Director, Medical Informatics Dept, The Commonwealth Medical College					Intermediate
<a href="#">Lecture 002</a>	<b>Got Smartphones? Leveraging Physicians' Smartphone Usage in HIT</b>	UHS Hospitals designed and implemented a handheld solution for clinician use. Installing this system on clinician-owned mobile devices has increased physician acceptance of EHR while minimizing computer requirements.	<b>Afzal ur Rehman, MD, PhD</b> Chief Medical Information Office, United Health Services  <b>Rebecca T. Kennis, CPHIMS</b> Clinical Systems Analyst, United Health Services	Tuesday 2/21	9:45 AM - 10:45 AM	Venetian Sands	Venetian Showroom	Intermediate
<a href="#">Lecture 008</a>	<b>Developing a Continuum of Care to Manage our Patients</b>	With the move toward ACOs it is critical that the continuum of care is defined, understood and managed. This presentation provides the scaffolding that will help organizations achieve that outcome.	<b>Maryellen Bucco, MBA</b> Director, Process Engineering, Banner Heart Hospital  <b>Ruthie Mangino, RN</b> Clinical Nurse Specialist, Banner Heart Hospital	Tuesday 2/21	9:45 AM - 10:45 AM	Venetian Sands	Titian 2304	Intermediate
<a href="#">Lecture20</a>	<b>Zero to 60 in 90 Days: The Attestation Fast Lane</b>	Learn how seven Tenet hospitals deployed a certified EHR, attested within 90 days, and leveraged data, tools, and governance to drive process improvement while focusing on Stage 2 and beyond.	<b>Liz O. Johnson, RNC, MS, BSN, CPHIMS, FHIMSS</b> Vice President, Applied Clinical Informatics, Tenet Health  <b>Linda S. Lockwood, RN, MBA</b> Associate Partner, Encore Health Resources	Tuesday 2/21	9:45 AM - 10:45 AM	Venetian Sands	Marcello 4506	Intermediate

Additional Sessions of Interest								
Code	Title	Description	Speaker(s)	Date	Time	Location	Room	Level
<a href="#">Lecture 33</a>	Medicare and Medicaid EHR Incentive Programs: Stage 1 Overview	TBD	TBD	Tuesday 2/21	11:00 AM - 12:00 PM	Venetian Sands	San Polo 3503	
<a href="#">Lecture 62</a>	Models for Organizational Leadership at the State Level: Panel Discussion	Discover how The TIGER Initiative is being utilized at the state level in Minnesota and Texas.	<b>Bonnie L Westra , RN,FAAN,PhD</b> Assistant Professor, University of Minnesota  <b>Mari Frances Tietze, PhD, RN, FHIMSS</b> Director, Research and Informatics, DFW Hospital Council -- ERF	Wednesday 2/22	8:30 AM - 9:30 AM	Venetian Sands	Marco Polo 705	Intermediate
<a href="#">Lecture63</a>	Ready, Set, Measure - Michigan Prepares to Harness "Meaningful Use"	This presentation discusses a framework for managing incentive payments by states participating in the EHR Incentive program while also considering the groundwork for measuring "Meaningful Use" demonstrated by their providers.	<b>Cynthia Green-Edwards, RN</b> Director, Office of Medicaid Health Information Technology, Michigan Dept of Community Health  <b>Arvinder Singh , MBA</b> Senior Vice President, HHS Business Unit, CNSI	Wednesday 2/22	8:30 AM - 9:30 AM	Venetian Sands	Galileo 1001	Intermediate
<a href="#">Lecture 90</a>	Medicare and Medicaid EHR Incentive Programs: Stage 2 NPRM Overview	TBD	TBD	Wednesday 2/22	9:45 AM - 10:45 AM	Venetian Sands	San Polo 3503	
<a href="#">Lecture 105-2</a>	Electronic Health System - The Foundation for Building a Successful Solo Medical Practice	Join this session to hear how the clinic of Dr. James F. Holsinger used their EHR to build a financially successful solo preventive care practice in Rural America.	<b>James F. Holsinger, MD</b> Owner, James F. Holsinger, M.D. PC	Wednesday 2/22	1:31 PM - 2:00 PM	Venetian Sands	Lido 3103	Intermediate
<a href="#">Lecture 124</a>	Population Health Transformation Using Data-Driven Distributed Analytics	Organizations will learn how the New York City Department of Health uses new aggregate data systems to summarize information from millions of patient electronic health records across the community to transform payment models, disease surveillance, and chronic disease management in New York.	<b>Dr. Michael Buck, PhD</b> Biomedical Informatics R&D Manager, NYC Department of Health	Wednesday 2/22	2:15 PM - 2:45 PM	Venetian Sands	Lido 3103	
<a href="#">Lecture 124-2</a>	Florida's ESSENCE System - From Syndromic Surveillance to Routine Epidemiologic Analysis	Join us to learn how Florida has customized the ESSENCE system beyond just syndromic surveillance. ESSENCE-FL provides an environment for epidemiologists to conduct descriptive epidemiologic analysis, to monitor morbidity and mortality trends over time and space and across multiple data sources, thereby providing information that can assist with making decisions on how to improve population health.	<b>Aaron Kite-Powell</b> Surveillance Epidemiologist-ESSENCE-FL System Manager	Wednesday 2/22	2:46 PM - 3:15 PM	Venetian Sands	Lido 3103	

Additional Sessions of Interest									
Code	Title	Description	Speaker(s)	Date	Time	Location	Room	Level	
<a href="#">Lecture 144</a>	<b>Strategy to Deliver Quality Services to Alaska Natives</b>	Hoshin Kanri tool is applied for strategic planning to drive the development and execution of annual operational objectives to improve services for the Alaska Native population.	<b>Deborah L. Smith, PhD</b> Strategic Planning and Quality Officer, Alaska Native Tribal Health Consortium  <b>Andrew R. Ganti , LHIMSS</b> Principal, Workflow IT Solutions	Thursday 2/23	9:45 AM - 10:45 AM	Venetian Sands	Lido 3103	Introductory	
<a href="#">Lecture 173</a>	<b>Achieving Meaningful Use by Linking Disparate Systems</b>	Many healthcare organizations consist of information silos with non-integrated functionality making compliance with Meaningful Use a challenge. This session outlines how to build an integrated EMR in such an environment.	<b>Andy Altenburger</b> Chief Information Officer, Marietta Memorial Hospital  <b>James Deren, PMP, CPHIMS</b> Healthcare IT Planning Director, CareTech Solutions	Thursday 2/23	1:00 PM - 2:00 PM	Venetian Sands	Marcello 4506	Intermediate	
<a href="#">Lecture 185</a>	<b>Clinical Search: Save Time, Improve Care Quality and Reduce Risk</b>	Care coordination requires efficient access to relevant clinical information. Learn how clinical search saves time, improves care quality and reduces risk for patients in care coordination settings.	<b>Neda N. Pakdaman, MD</b> Principal, Neda N. Pakdaman, MD  <b>Bob Rogers, PhD</b> Chief Scientist, Apixio	Thursday 2/23	2:15 PM - 3:15 PM	Venetian Sands	Murano 3306	Intermediate	
<a href="#">Lecture 186</a>	<b>CMS Town Hall Meeting</b>	TBD	TBD	Thursday 2/23	2:15 PM - 3:15 PM	Venetian Sands	San Polo 3503		
<a href="#">Lecture 229</a>	<b>Quality Care Transforms through Pioneering Cloud-based Image Exchange</b>	To improve quality, safety, efficiency, transition and cost effectiveness of care, Memorial Hermann Healthcare System launched one of the country's first cloud-based radiology image exchanges in less than six months.	<b>David F. Bradshaw</b> Vice President and CIO, Memorial Hermann Healthcare System  <b>Robert Weeks</b> Director, Information Systems Division, Memorial Hermann Healthcare System	Friday 2/24	11:15 AM - 12:15 PM	Venetian Sands	Lando 4306	Intermediate	
<a href="#">Lecture SHIFT9</a>	<b>Closing Keynote: Finding Humor - and Key Lessons - Amidst the Perfect Storm of Healthcare Reform</b>	The complexities of healthcare legislation can be broken down to sound bites that actually make sense by this 40 year veteran of DC healthcare politics. Using her dry sense of humor, Jeanne Scott Matthews cuts right through Washington double-speak and provides critical insights. Critically and nationally acclaimed, Jeanne will help the audience to take the first spoonful of the alphabet soup in healthcare (ACO, HIE, HIX, MU, ICD10, 5010, etc)...with just the right helping of sugar! Tough medicine? Come and find out!	<b>Jeanne Scott Matthews</b> Healthcare Lobbyist	Wednesday 2/22	11:30 AM - 12:30 PM	Venetian Sands	Casanova 502	Intermediate	

Additional Sessions of Interest									
Code	Title	Description	Speaker(s)	Date	Time	Location	Room	Level	
<a href="#">Roundtable 303</a>	<b>EHR User Satisfaction: Lessons from Six Years of National Surveys</b>	The AAFP has conducted a national EHR User Satisfaction survey four times from 2005-2011. Certain recurrent themes have emerged from those surveys that will enlighten and may even surprise you.	<b>Kenneth G. Adler, MD, CPHIMS, FHIMSS</b> Medical Director of Information Technology, Arizona Community Physicians	Wednesday 2/22	8:30 AM - 9:30 AM	Venetian Sands	Galileo 905	Intermediate	
<a href="#">Roundtable 306</a>	<b>Achieving Meaningful Use: A Community Hospital Case Study</b>	In this case study, the strategy and program for successfully achieving meaningful use in a community hospital as well as lessons learned will be described.	<b>Ferdinand T. Velasco, MD</b> Vice President and CMIO, Texas Health Resources	Wednesday 2/22	2:15 PM - 3:15 PM	Venetian Sands	Galileo 905	Intermediate	
<a href="#">Roundtable 310</a>	<b>Security Risks Associated with Mobile and Medical Devices &amp; Applications</b>	What do we know about the plethora of new mobile and medical devices (and associated applications and their developers) being introduced to US hospitals with little risk assessment and mitigation?	<b>Dennis M. Seymour, CISSP, PMP</b> Chief Security Architect, ELLUMEN  <b>Tom Walsh, CISSP</b> President, Tom Walsh Consulting, LLC	Friday 2/24	10:00 AM - 11:00 AM	Venetian Sands	Galileo 905	Intermediate	
<a href="#">Roundtable 311</a>	<b>From Zero to Hero: A Complete EMR in 11 Months</b>	DHR implemented an EHR in 11 months, going from HIMSS Analytics Level 0.5 to 6. Learn key strategies for success, along with implementation pitfalls to avoid.	<b>Elizabeth Cantu-Gomez, RN</b> Director of Clinical Information, Doctors Hospital at Renaissance  <b>Jill F. Farnsworth, PMP</b> Project Manager, Encore Health Resources	Friday 2/24	11:15 AM - 12:15 PM	Venetian Sands	Galileo 905	Intermediate
