

# Be a part of something big!

**HIMSS** | HIMSS Young Professionals  
[www.himss.org/youngprofessional](http://www.himss.org/youngprofessional)

If you want to be part of something big today—with even bigger opportunities tomorrow—become a HIMSS Student Member. Start taking advantage of these benefits and more.

## Foundation Scholarships

The HIMSS Foundation annually awards more than \$40,000 in scholarships to student members enrolled in undergraduate, graduate, and PhD programs in the healthcare information or management systems fields. Scholarships are based on academic excellence and the potential for future leadership. In addition to a cash award, recipients receive an all-expense paid trip to the Annual HIMSS Conference & Exhibition. The call for Scholarship applications typically runs from early August through the end of October each year. Visit the HIMSS website for updated information regarding the scholarship program at <http://www.himss.org/foundation/schlr.asp> on the Scholarships.

## Free Industry Research

Through the HIMSS Foundation, The Dorenfest Institute for Health Information Technology Research and Education helps meet the academic and global demand for healthcare information technology data to improve patient care. You can obtain access to a variety of detailed historical data, reports, and white papers about information technology use in hospitals and integrated healthcare delivery networks at no charge. To learn more visit <http://www.himss.org/foundation/industry.asp>.

## Looking for a Job in Healthcare IT?

JobMine®, HIMSS online job board has been completely revamped for the job seekers. Using a simplified navigation tool, job seekers can post anonymous resumes, and individuals can view and apply to jobs - all at no charge! Check it out today – <http://jobmine.himss.org>. HIMSS also provides internships as an opportunity to expand your career while making a difference in the future of healthcare. Learn more at [www.himss.org/asp/about\\_jobsHome.asp](http://www.himss.org/asp/about_jobsHome.asp).

## Virtual Conference & Expo

HIMSS student and academic members have free access to the semi-annual Virtual Conference & Expo. This is a fully interactive event that includes online learning, live chat, active movement in and out of exhibit booths and sessions, vendor presentations, contests and more. And for students interested in pursuing healthcare IT careers, HIMSS Virtual Conference & Expo provides a great industry overview. Log on from anywhere, and education sessions are accessible up to 30 days following the conference, which makes it perfect for the busiest of school schedules. For the Virtual Conference schedule and to register for this all-free conference, please visit [www.himssvirtual.org](http://www.himssvirtual.org).

## HIMSS Annual Conference & Exhibition

**Valuable Education ♦ Network ♦ Find Jobs ♦ Meet Industry Leaders ♦ And More...**

The HIMSS Annual Conference & Exhibition is where young professionals, physicians, nurses, HIT executives, pharmacists, vendors and healthcare IT professionals from around the world come together for a week that will forever change the face of healthcare IT. Some 25,000+ healthcare industry professionals and 900 exhibitors attend the conference to discuss cutting-edge technology and innovative healthcare solutions designed to improve patient care. To learn more go to: [www.himssconference.org](http://www.himssconference.org).

## The Annual HIMSS Conference & Exhibition Student Volunteer Program

Students interested in participating in the premier conference in the healthcare IT industry can enroll in the student volunteer program. Duties range from assisting during educational sessions to distributing conference tote bags. In return, HIMSS provides complimentary conference registration, shared hotel lodging, some meals, and more. Plus, designated free time during the conference gives students the opportunity to attend sessions of interest, visit the exhibition hall, and network with industry professionals and potential employers. Questions about the Annual Conference Student Volunteer Program should be directed to Jamie Paton at 312-915-9214 or [jpaton@himss.org](mailto:jpaton@himss.org).

**Plug into a global network of dedicated professionals committed to moving the healthcare technology industry forward.**
