

**Empowered Care through
Leadership and Technology**

National Nurses Week is May 6th thru May 12th *May 12th is Nursing Informatics Day!*

This week is devoted to highlighting the diverse ways in which registered nurses, the largest healthcare profession, are working to improve patient care. **May 12th has been designated as Nursing Informatics Day.** Please use this day as an opportunity to raise awareness about the value of Nursing Informatics.

Position Statement

Share the vision: *Transforming Nursing Practice through Technology & Informatics*
