Leading Healthcare Innovation, Education, Collaboration at 2024 HIMSS Global Health Conference and Exhibition

Chicago, Illinois – The 2024 HIMSS Global Health Conference and Exhibition will bring together healthcare professionals from across the health ecosystem for expert education, innovation, and collaboration.

[Registration is open for HIMSS24](#), taking place March 11-15 in Orlando, Florida, at the Orange County Convention Center.

HIMSS23 featured 1100+ exhibitors, more than 300 general education sessions and 250+ market supplier thought leadership sessions in April 2023, uniting about 34,000 healthcare professionals, members and exhibitors from 90 countries. The #HIMSS23 hashtag was used more than 21,000 times across social media, and press produced thousands of articles of coverage, features and analysis from the event.

The highly anticipated 2024 Global Health Conference and Exhibition is the inaugural edition under a [new, landmark partnership](#) between HIMSS, a global health advocate committed to reforming the global health ecosystem through the power of information and technology, and Informa Markets, the world's leading exhibition organizer.

HIMSS24 will be a groundbreaking event that will shape the future of healthcare technology. [Watch the HIMSS24 sizzle reel](#).

Attendees build relationships, learn from experts and discover innovative health tech solutions to meet their greatest challenges. Healthcare and technology professionals, CEOs, CIOs, CTOs, government officials, providers, payers, IT consultants, innovators, entrepreneurs, health IT influencers and more will share and exchange knowledge at the annual event.

Education topics will explore the business of healthcare; care, data and information; health equity; workforce; organizational governance and others. Throughout these categories, critical themes will be covered, such as digital health transformation, applied artificial intelligence, cybersecurity, emerging technologies, access to care, HIE and standards, patient safety and quality and others.

Education sessions are led by innovative and creative world-renowned healthcare leaders and are selected through a highly competitive peer-review process. With a

focus on building professional growth, HIMSS24 sessions are also available for continuing education credits.

Exhibiting companies will feature groundbreaking technology and innovation. The exhibit floor serves as the prime destination for hands-on interactions. Attendees can also engage with thought leaders at specialty pavilions featuring topics such as cybersecurity, interoperability, start-ups, patient engagement and a pavilion for the new theme.

The conference offers an all-new hosted buyers' program, networking opportunities including evening events, curated executive forums, press briefings and private meetings, all created to help build relationships, advance professional goals and fuel personal growth.

About HIMSS

Vision

To realize the full health potential of every human, everywhere.

Mission

Reform the global health ecosystem through the power of information and technology.

[HIMSS](#) (Healthcare Information and Management Systems Society) is a global advisor, thought leader and member-based society committed to reforming the global health ecosystem through the power of information and technology. As a mission-driven nonprofit, HIMSS offers a unique depth and breadth of expertise in health innovation, public policy, workforce development, research and digital health transformation to advise leaders, stakeholders and influencers across the global health ecosystem on best practices. With a community-centric approach, our innovation engine delivers key insights, education and engaging events to healthcare providers, payers, governments, startups, life sciences and other health services organizations, ensuring they have the right information at the point of decision.

HIMSS has served the global health community for more than 60 years, with focused operations across North America, Europe, the United Kingdom, the Middle East and Asia-Pacific. Our members include more than 120,000 individuals, 440 provider organizations, 510 nonprofit partners and 560 health services organizations. HIMSS offers a variety of membership types and ways to get involved.
