Major/program currently enrolled / University name and address / Current GPA

NOTE: Each of the below requirements is 300 words maximum. HIMSS recommends completing these questions in a Word document first, using "Word count" will also count the characters. Your responses will be easy to copy and paste to the on-line application.

Please list any professional or academic societies or associations to which you belong.

Please list any conferences, seminars, or symposiums you have attended that were related to healthcare information and management systems. Please specify program title, topic and if you were a presenter or attendee.

Please list any personal achievements or extracurricular involvement in organizations outside of professional/academic organizations.

Please list any involvement you have had with HIMSS (attended HIMSS Global Health Conference, participated as a program assistant, served on local chapter board, etc.).

Please describe how you believe the use of information and technology in healthcare can improve the quality of care delivered in the United States and around the world.

Please describe how you believe the HIMSS Scholarship funds can assist you in gaining an educational experience that will promote the use of health information and technology in the future.

Submit one letter of recommendation (*required*; must be dated within the last 3 years)

Submit your resume or CV (*optional*)
