# Immunization Integration Program (IIP)

### Tuesday, August 10, 2021

**HIMSS Spot - HIMSS Immunization Integration Program: Bringing EHRs, IIS, HIEs and Clinicians Together**

The Immunization Integration Program (IIP) team will describe current efforts to address challenges to immunization interoperability and emerging issues on the horizon. Join the IIP team and bring your insight to the discussion!

- **Time:** 10:00 AM – 10:45 AM PST
- **Location:** Sands Expo: Level 2, Lobby C (outside Hall C)

### AIRA Information Session

Join [AIRA](https://www.aira.org) for an overview of association efforts around immunization information systems (IIS).

- **Time:** 11:00 AM – 1:00 PM PST
- **Location:** Venetian, Lido 3001A

### Wednesday, August 11, 2021

**Immunization Program Aims to Resolve Interoperability**

The American Immunization Registry Association (AIRA) and HIMSS with support from the Centers for Disease Control and Prevention (CDC) established the Immunization Integration Program Collaborative (IIP). The IIP engages stakeholders and experts to identify common challenges and drive the development and adoption of solutions that enable both clinicians and immunization information systems (IIS) to have timely access to complete and accurate data, to not only improve clinical decision-making but also increase vaccination coverage and reduce vaccine-preventable disease. The IIP consists of two parts—the Collaborative and Testing and Recognition. The presentation will review the IIP program Immunization Testing and Recognition and Collaborative successes to date.

- **Time:** 1:00 PM – 2:00 PM PST
- **Location:** Caesars Forum: Summit 211

### Thursday, August 12, 2021

**HIMSS Interoperability Showcase Education Session - Driving Immunization Integration**

The COVID-19 vaccination rollout has underscored the value in collaborative efforts which bring together key partners from across the immunization ecosystem to advance and modernize public health infrastructure while developing and adopting solutions that strengthen the health of the public. This panel will explore national immunization initiatives in the U.S. and collaborative efforts reaching across private and public health sectors that aim to impact clinical care and public health surveillance.

- **Time:** 9:30 AM – 10:30 AM PST
- **Location:** Caesars Forum: Academy Ballroom
**Other Immunization-Related Topics at HIMSS21:**

**Tuesday, August 10 - Thursday, August 12, 2021**

**HIMSS Interoperability Showcase Demonstration™ - Mitigating Challenges for Immunizations**
A nurse receives her first COVID-19 vaccine in her home state, and travels to another state on assignment where she needs to complete her COVID-19 vaccine series before beginning her assignment. Each provider is able to query their local Immunization Information System (IIS) for her vaccine history, and they each report the vaccination to their IIS. Both jurisdiction IISs are responsible for reporting their COVID-19 to the central data repository used by CDC to inform public health decisions locally and nationally.

**Participating Companies:** CDC, Cerner, Epic

**Location:** Caesars Forum Conference Center, Booth C200

**Monday, August 9, 2021**

**Using Technology to Improve Collaborations Between Clinical and Supply Chain Teams**

**Time:** 1:15 PM - 2:15 PM PST

**Location:** Venetian, Lando 4301

**Tuesday, August 10, 2021**

**What Did Pharma Learn From the COVID-19 Vaccine Development?**

**Time:** 11:00 AM - 11:40 AM PST

**Location:** Wynn, Mearsault

**Using Clinical Decision Support to Improve Pneumococcal Vaccination Administration Rates in the Ambulatory Setting**

**Time:** 4:00 PM - 5:00 PM PST

**Location:** Venetian, Murano 3204

**Wednesday, August 11, 2021**

**Navigating the Pandemic and Public Health Crisis to Maximize State Budgets**

**Time:** 10:30 AM - 10:50 AM PST

**Location:** Caesars, Booth C1400 - Value of Healthcare - Theater

**Untangling the Thread: Bringing Actionable Data to the Clinical Team**

**Time:** 1:45 PM - 2:05 PM PST

**Location:** Caesars, Booth C1037 - Federal Healthcare - Theater

**Thursday, August 12, 2021**

**Mass Vaccination: The Use of Technology for the Road Ahead**

**Time:** 10:00 AM - 11:00 AM PST

**Location:** Venetian, Murano 3204

**Friday, August 13, 2021**

**Utilizing Outreach Techniques to Engage Families in Improving Vaccination Rates**

**Time:** 10:30 AM - 11:30 AM PST

**Location:** Venetian, Delfino 4101
Policies to Improve Public Health Data Exchange
Time: 12:00 PM - 1:00 PM PST
Location: Venetian, Murano 3201

See you there!
